Subject: For those on the last DASIA field trip (or those who like to have been)

On the last Dixie Arizona Interpretive Association (DASIA) field trip, we decided to put together a report after each such future trip with the related subject pages from the WCHS website and the photos from the trip. So here goes...

This was our route on the all-day field trip 5/26/2017:

We also decided to solicit trip photos from the attendees. DASIA Executive Director, Ken Sizemore, and trip leader, Milt Hokanson, agreed to offer a free field trip lunch for the best photo submitted from each trip. This month's winner is Susan Biesele for the 3-photo sequence:

All photos from the trip are found on the website at:

Subject webpages of things seen along the way include:

Hopefully over time we can add information about these subjects on the various webpages. If you have information to contribute, you can e-mail me or use the "Page Feedback" link on the left side of each webpage to send me a note. I made audio recordings of some of Milt's commentaries at our various stopping points, but I haven't had time to go through them and am not sure when I will get around to that. If anyone would like to volunteer to try extracting notes from any of those recordings, I would be happy to let you. :-)

The next DASIA field trip is on 6/22/2017 to Hidden Canyon on the Arizona Strip. More information should be coming out on that trip shortly. Future trips are listed on the WCHS online calendar, <http://wchsutah.org/calendar.php>
