***Wild West Shoot outs with Lawmen and the Muddy River Gang**
-Saturday 1pm & 3pm

***Renowned western artist Jerry Anderson’s Sculpture Studio will be open**
-Friday and Saturday 10am-5pm

ABOUT THE PRESENTER: **Dr. Marius van der Merwe** was born and raised in South Africa, receiving both his Bachelors and Masters degrees from the University of Pretoria. Dr. van der Merwe's research interests have always been fairly broad, and has published papers on spiders, sub-Antarctic beetles, and squirrels. The ecology of cliff-dwelling lichens is a more recent research interest of Dr. van der Merwe's, inspired by the significant amount of time he spends climbing rocks here in the St. George area.

Suggested Donation: \$4.00 ea.
Price includes Silver Reef Museum and mine tour admission.

Cosmopolitan Event
Sat., Mar. 24th at 10am

Lichen: The Power of Partnership

Dr. Marius van der Merwe

Dr. van der Merwe will give a lecture and walk-about exploring the many facets of rock lichen found in Southern Utah.

After covering the ecology of cliff-dwelling and other lichen in the Cosmopolitan, he will lead a guided walk-about Silver Reef grounds to look at lichen in their natural environment. Be sure to wear sturdy shoes since some of the terrain is uneven during the walk-about.
