BROWN BAG LECTURE TOPICS

FEBRUARY 1- TRI-STATE ATV JAMBOREE

Do you want to experience fantastic OHV trails of Southwest Utah and Northwest Arizona? The 15th annual Tri-State ATV/UTV Jamboree, scheduled for March 13-16, 2019, has 27 rides planned. Each ride will be led by experienced guides who not only know the trails but also the history of the area and key points of interest.

FEBRUARY 8 – GAVIN HEATON, BAR 10 RANCH ON THE AZ STRIP

The Heaton family has been ranching on the Arizona Strip for five generations. The Bar 10 is still a working cattle ranch, as well as becoming the premier recreational destination spot in the area. In addition to river guests, they welcome individuals, families, and groups. Guests are treated to delicious country-style buffet meals, using their own all natural grass fed beef. The Bar 10 crew provides evening entertainment, and ranch activities that include horseback riding, skeet shooting, hiking, and relaxing. ATV rides and helicopter tours are also available. The one thing that never changes is the genuine, friendly, western hospitality

FEBRUARY 15 – RICHARD HEPWORTH, FISHING IN SOUTHWEST UT

From high-mountain streams to big reservoirs to community ponds, Utah has many great places to fish, and you'll find variety when you toss out a line. Southern Utah offers some of the more vast off-the-beaten-path fishing locations found anywhere in the world. Though some of these waters are easily accessible to the average angler, those wishing for a peaceful adventure away from famously "published" rivers, southern Utah is the place!

FEBRUARY 22 – LEANNE SHEARER, CULTURAL RESOURCES OF THE KAIBAB PAIUTE TRIBE

The Kaibab Paiute are a member of the larger Southern Paiute Nation which covers along the southern Great Basin and San Juan-Colorado River drainage. They trace their ancestry back over 10,000 years to the Desert Culture. At that time, the Great Basin of the Southwest dried up and the Kaibab Paiute strategy changed from big game hunting to small game hunting and plant gathering. About 1150 C.E. the Kaibab Paiute extended their geographic range to further into the Colorado Plateau. Ms. Shearer will describe the cultural resource programs of the tribe.
