  St. George, Utah 84770

- Health & Performance Center
  652 S. Medical Center Drive
  St. George, Utah 84790

Physician Referral Program
It can be difficult to find a physician who is right for you and your family. That’s why Dixie Regional Medical Center offers a free physician referral service. Just call 435.251.2299 during normal business hours, give us some basic information about your healthcare needs, and we’ll help you find a physician who is right for you.

If you are interested in participating in one of Dixie Regional’s patient-centered care councils, please call 435.251.2108. These councils help us incorporate patient input in everything we do.
Medical Staff

The following professionals meet all licensing and credentialing requirements of Dixie Regional Medical Center. For additional assistance, call the Dixie Regional Medical Center Community Health Information Center at 435.251.2222.

Hospital Services

For more information, call the Dixie Regional Community Health Information Center at 435.251.2222 or visit www.dixiregional.org.

Acceleration
435.251.2256
Acceleration is scientifically proven sports training for athletes of all ages and levels of ability. Our certified exercise physiologists work with you to create an individualized program that will help you run faster, jump higher, and perform better, no matter what sport you play, including: soccer, football, basketball, track, baseball, volleyball, lacrosse, softball, golf and endurance running.

Bariatrics
435.251.1632
Dixie Regional Medical Center provides a complete medical weight loss program with paths for surgical and/or non-surgical weight loss, including gastric bypass surgery, sleeve gastrectomy and Lap-Band®.

Behavioral Medicine Unit
435.688.4343
The Behavioral Medicine Unit at Dixie Regional Medical Center offers a safe, therapeutic setting for treatment of major psychiatric disorders such as acute depression and severe thought disorders. The physicians also consult with other hospital experts.

Cardiology Services
435.251.1200
Specializing in diagnosis, treatment and prevention of heart disease. The echocardiology lab, ultrasound with Doppler, stress testing, Holter monitor, EKGs, vascular studies, angiography and cath lab help provide state-of-the-art care. Cardiovascular surgery is also done.

Community Health Information Center (CHIC)
435.251.2222
This clearinghouse of human services and health-related materials and information is open to anyone with a question about a health issue or service. Details about enrolling in community education programs and support groups are also available through the center.

Dixie Joint Center
435.251.2420
The Joint Center helps educate patients who may be planning surgery, and helps patients recover from hip and knee replacement surgery quickly and safely.
Dixie Regional Endocrinology Diabetes Clinic
435.251.2888
Patients receive counseling and care-planning from diabetes educators, nurses, physicians, dietitians and other professionals who are trained to help with the management of this prevalent disease. *Physician referral is not required.*

Dixie Regional Imaging Services
435.251.1777
All major diagnostic modalities are offered at DRMC and some Intermountain clinics to provide noninvasive as well as invasive views of the inside of the body. *Physician referral is not required to schedule a screening mammogram.*

Dixie Regional Rehabilitation Services
(adult and pediatric)
435.251.2250
We offer state-of-the-art treatment facilities, including an aquatic therapy pool, complete with underwater treadmills and resistance jets, as well as a large treatment room and specialized equipment and facilities to help those with balance disorders. We provide speech, physical, hand, pediatric, and occupational therapy as well as treatment of sports-related and other orthopedic injuries.

Dixie Regional Wound Clinic
435.688.4293
The latest techniques are employed for recovery from difficult-to-heal wounds. *Physician referral is not required.*

Financial Counseling
435.688.5300
Representatives from the financial counseling office can assist patients with financial arrangements.

Hyperbaric Medicine
435.688.5425
Concentrated oxygen treatments have been found to be beneficial in healing wounds that occur as a complication of diabetes, wounds, and cancer treatments.

Infusion Services
435.688.6868
At the infusion therapy clinic registered nurses provide intravenous infusions including antibiotics, iron, blood and rehydration. In addition, patients who need central and midlines inserted are served here.

Intermountain Cancer Genomics
435.251.5780
Uses genetic mapping to develop personalized treatment options for cancer patients. We are able to analyze a patient’s DNA and identify mutations to determine why and how the tumor is growing, and — most importantly — what can be done to treat it. *For more information please visit, www.precisioncancer.org.*

Intermountain Foundation Dixie Regional Medical Center
435.251.2480
A not-for-profit, charitable corporation that furthers community health and patient advocacy at Dixie Regional and its affiliates through philanthropy.

Intermountain Home Health
435.251.2367
Medically supervised health care is provided in the comfort and security of home. Home health services include medical and surgical nursing, rehabilitative services, specialized therapies, and education.
**Intermountain Home Medical Equipment**  
435.251.2323  
Medical equipment experts help patients access respiratory therapy and rehabilitation equipment used in the home.

**Intermountain Hospice**  
435.251.2367  
Hospice is a special kind of end-of-life care, offering expert medical care and psychosocial, spiritual and bereavement support for patients and their loved ones. Hospice focuses on living life to the fullest in the comfort of home and with dignity. Volunteer opportunities are also available.

435.634.6050  
Services offered include: InstaCare, family practice physician care, physical therapy, occupational therapy and laboratory services. *The InstaCare is open Monday through Saturday from 9 a.m. to 9 p.m.*

**Intermountain WorkMed**  
435.251.2630  
Employers can utilize Intermountain WorkMed to arrange for employee drug screenings, physicals and a full range of other health services, including work-related injuries. Located at 385 N. 3050 East (near Costco). *Open Monday through Friday from 8 a.m. to 5 p.m.*

**LiVe Well Center**  
435.251.3793  
Based in the Dixie Regional Health & Performance Center, the LiVe Well Center integrates physical and social aspects of wellness to help people of all ages and fitness levels live healthy lifestyles, achieve personal goals and reduce health risks. Services include the LiVe Well Assessment, customized exercise classes, dietary counseling, health coaching, sports training for those as young as eight years old up to the lifetime athlete. *Physician referral is not required.*

**Palliative Care**  
435.705.5635  
Focuses on promoting quality of life for patients living with a serious, chronic, or terminal illness. The goal is to provide
physical comfort and psychosocial support for the patient and his or her family members. The palliative care team includes physicians, nurses, social workers, spiritual counselors, volunteers, therapists and others.

**Nutrition Counseling**
435.251.3789
Focuses on medical nutrition therapy for a range of conditions: weight management, GI disorders, food allergies, renal failure, pregnancy, etc. Service includes a complete assessment of nutritional status, medical history and the medical/nutrition problem. A personalized plan of nutrition therapy is developed and provided, with follow-up sessions arranged as needed. Individual or class options are available.

**Patient-Centered Care Council**
435.251.2108
These councils help us incorporate patient input in everything we do. If you are interested in participating in one of Dixie Regional’s patient-centered care councils, please call the number above.

**RESEP — Radiation Exposure Screening & Education Program**
435.251.5875
The RESEP Clinic hosts free cancer screening for Downwinders, uranium workers and Nevada Test Site participants. Southern Utah counties received a significant amount of fallout from nuclear testing at the Nevada Test Site in the 50’s and 60’s. Those who were exposed from 1951-1958 or for the month of July 1962 or worked in the uranium industry are eligible for this program.

**Sleep Disorder Services**
435.251.3940
The sleep studies laboratory, with its state-of-the-art equipment, provides effective diagnosis and treatment for sleep disorders such as snoring, excessive daytime sleepiness and abnormal sleep behaviors. **Physician referral is not required.**
