"Stories from the Rockpile"

Before it was named Silver Reef, this place was known to locals and miners alike as "the Rockpile".

Noted local author and historian Mike Empey.

Mike has a life-long interest in the history of southwest Utah. He was born and raised in Washington County and is a descendant of early settlers of both St. George and

Hurricane. Mike is a past president of the Washington County Historical Society and was involved in efforts to preserve the CCC Camp in Leeds. Mike has written several articles for local magazines on Silver Reef history and is currently working on a book about Silver Reef.

Mike Empey is not quite old enough to remember to 1870's boom years at Silver Reef but he does enjoy telling the stories of that fascinating time in local history. Mike will be give you a glimpse into everyday life during the early days at the "ROCKPILE "
