

DECEMBER 2016 BROWN BAG SCHEDULE

DEC 2 SUSAN CROOK, EXECUTIVE DIRECTOR, SUNCLF

SUNCLF is a volunteer friends group run by the non-profit Conserve Southwest Utah. SUNCLF works to create a pool of engaged citizens to assist with inventory efforts and long-term monitoring of the natural, historic and cultural resources in Southwest Utah's National Conservation Lands. In addition to citizen stewardship, volunteers assist in creating and implementing programs that promote natural resource protection and visitor safety using interpretive and education programs.

DEC 9 WILLIAM MASON HOY, PhD, CURATOR, HOY INSECT MUSEUM

Bill loves bugs! This is a chance to find out about all the creepy crawlies in Southern Utah from the guy who really knows.

DEC 16 DOUG ALDER PhD, PAST PRESIDENT OF DIXIE STATE, HISTORY PROFESSOR AND AUTHOR

Dr. Alder will be discussing the last ten years of Washington County history. He is looking for advice from those who have personally experienced the past decade here in Utah's Dixie. His wit and humor about the history of the area are well known.

DEC 23 KIETH BEHUNIN AND HIS FERTILE DIRT BAND

The Fertile Dirt Band is an audience interactive bluegrass band utilizing the musical instruments that were available in the days of the pioneers. Our audience will recreate that pioneer music sound with washboards, spoons, cow bells, jugs, washtub bass and bending saws, the sounds of which have not been heard for 150 years. Fun takes precedence over aural (of the ear) sensuousness.!

DEC 30 MARILYN DAVIS, RED CLIFFS AUDUBON SOCIETY

The annual Christmas Bird Count is a great opportunity to get out and bird all day long, mingle with fellow birders, and at the same time participate in a useful scientific study that has been documenting wintering bird densities and movements for over 100 years now. The St. George Winter Bird Festival is an event hosted by the Red Cliffs Audubon Society and Utah Division of Wildlife Resources. Our mission is to intrigue and educate the public about these creatures by catering to both novice and expert birders with a variety of field trips, workshops, and presentations
