Identify and Care of Family Dolls

Presented by Dixie Miller, Doll Collector

Dixie started making reproduction bisque dolls back in early 1970's. Buying the green ware, cleaning it, firing it and doing the painting. Purchasing bodies or making cloth bodies and finally dressing

them. This led to studying the antique dolls in books and in person and eventually buying antique dolls.

Dixie will share how to identify and care for your family dolls. If you have a **special doll (or two)** bring it with you. She will be able to give you information about her and how to care for her.
