Petroglyph Park in Bloomington

Bloomington Schoolhouse, closed 1909

The settlers at Heberville, for a long time, were compelled to drink this nauseous water. They dug a well, but, unhappily, found no better water. Finally, in the latter part of the season, their only relief was in finding a spring of better water in the dry bed of the Santa Clara, which they were under the necessity of hauling about three miles.

Desert News, October 20, 1858
