

My Dear Mr. Wilson;

Writing to you a few words to ask about your health. I ask if you have received the letters I sent?

In proper time I wrote to you first letter with view to acquaint a person with you. In the May 1948 I have received from you interesting letter - which you write me, an order that to send you size shoes, or size clothes - you to promise me send something.

I instantly to write letter to you and send 2-June, I waiting from you answer to, again to write to you another letter and send 24-October 1948.

I wonder why I have got not answer till to-day. I am very inquisitive for why you no write to me, and what been to cause that you I not have from you any answered.

How are you now well? or perhaps are you displeased with us? We are very astonished that you so little to write to me? Do you perhaps to feel what regret? Do you perhaps to feel to give offence that I write to you, at you there are no to desire and willing to correspond with us, and therefore this correspondence to in behavior no one pleasure that I unknow <sup>epistolary</sup> more from a far country to turn a person brain to letter.

Do you perhaps to feel regret to live in a country where dominant Russia Com...? What we poorly people guilty ago, that our country is, and live in to neighbor born Russia? but I to have supposition that to generous American well us understand.

I enclosed your last letter.

I have poorly which years colony, only one colony have strong which to put super an hive body, extractor and combs. Since 24<sup>July</sup> to 10 August we have nice weather, and warm, up to 40-42 degrees ~~to~~ Celsius, and there was good flow of nectar blooming basswood and wild plants. Plants honey which you sent me, 978,

only well blooming yellow clover, and bees very good, fly, another plants no are for our climate, good.

I get some of honey from two colony, 4 and 11 July I have unswarmed 2 swarms.

Here in Poland was a good flow nectar from all blooming plants, but weather through out May June and July has been very changeable because the bees small make of honey, and we to have small crops of honey per colony 10-15 pound extractor of honey.

Price of honey here in our country is very high, to pay for 1 quort (3 pound) honey 1000 zloty. any is ease to sell. My friends beekeepers in another vilage and county get crops 30- to 40 pound per colony.

Weather this Fall last here ~~was~~ we have very nice warm even had, during monts September October and November. Now to have hard winter, since from 10 to 32° - Celsius ~~degrees~~ <sup>degrees</sup> ~~to~~ <sup>to</sup> zero ~~to~~ <sup>to</sup> -6 ~~degrees~~ <sup>degrees</sup> ~~to~~ <sup>to</sup> zero
