

another due month
and the third due June

Does this mean that the whole
3000.⁰⁰ has to be paid between now
and June 1st?

Will you please copy of this
to the other party so they don't

have to depend on me for

anything to do with what they

are doing. Is your copy lost?

If this is the case that
must be met by June 1st.

There is no doubt to be made

of the fact that it will be

paid by that date.

Yours truly

March 11 1841

New Bedford

Your Special came in
 and I had already sent the
 Saturday. So you will get
 with it. The amount
 this check is not to be
 for a long time. I find
 application for it. I
 but this is a matter of
 day, but will go of our
 should be reported in my
 of the day. I am
 it would be best to
 morning before
 would be

3 Run a steamboat drill, build
retorts, grinders, separators,
any butane tanks and the
hundred and one other things besides
keeping the camp going.

Either there will have to be a
short cut to start some income
from the well or else

postponement of certain
things to meet emergency
the Spitzer contract and possibly
some others that may be lurking
in the background such as taxes
insurance etc.

The reason I used the name
was account of his Calif
I have
I have
I have
I have
I have

4

I am surprised when you say the
taxes on that parcel cheese would be 8.⁰⁰
plus 1.50 The tax in Calif would only be
about 1.⁰⁰ plus the fee of 8.⁰⁰ + 3.⁰⁰ or 12.⁰⁰ total.

The only reason I questioned you was
that I inquired from checking station as
I went by and he said 7.50 but did not
mention any taxes. What is your tax
rate surely they cannot assess this for a
station 50.⁰⁰ to 75.⁰⁰ you should make
reasonable taxes this is the only way
to get them down.

now about drag line hoists

I talked to several people and
made phone inquiries on prices etc.
One man I talked with said he had
a single drum reversible type
hoist drag line outfit which app-
proves in either direction. It
is rigged up with gears on both
of the drums. Says it is for
sale but he prefers to
single reversible type
hoist type. That
looking at that

El. Paso. Mach. Co. (50^{HP}) Single hoist without
motor. Large one:

Lincoln Co. 75 H.P. Double drum no motor
600.⁰⁰

O'Brien 75 H.P. Double drum
portable with large Washers + Cyl.
5x6 motor - cable shives and
bucket already to use \$1100.⁰⁰
Said it weighed about 6 tons

Industrial Machinery Co. 712 - W 9th St.
9x10 Lambert Double Steam hoist.
at Oakland Calif. \$750.⁰⁰

Wilmet & Murphy. 5107 - S Alameda.
has a reversible Dillion air hoist.
3000# capacity. \$250.⁰⁰
also 40 H.P. Elect. Double drum
hoist. 400.⁰⁰ without motor.

Worth Co. 712 - S San Pedro.

20 H.P. 5/8" Cable complete
with 18" - 6 1/2" flange
at present also

This will give you an idea of how it
was. ~~And~~ I am enclosing a
price list of hoists. Essick &
Heller handle or build up themselves.
Hellers double is 270.⁰⁰
Essicks double is ~~\$~~ \$90.⁰⁰

Well any way after looking up
all these fancy places
I cant afford to buy anything
like it now so you will
have to solve the problem by
looking for something more in
the line of bargain than you can
find in L.A. Hoists always were
a high priced item here. It may be
that Wilson can remember where
and in Oregon or some place
can get for a bargain. This is what
you will have to do if expect a
money do all the things you
to do up there.

William mailed me an air mail
letter. Halbrook bid night which
I was to you. I got it but
just trying to locate your
to find any. I
to pick up
I

Told him to trade the yellow
potatoes for it and assume he
he will trust Wilburn for it until he
gets back from Utah.

I don't know how much you can buy
4000 # of potatoes for but if they cost 40.00
and you have to get them at Enterprise
or some other part of the way place
it will not pay to spend the gas or
time to pick them up & haul them to
Arizona. I suggested this to Wilburn
in a letter to let me know
and advise if it would not be
cheaper to mail the man a check for
the 50.00 and have it over with.

You will know what is best and
can send me this posties name &
address if I am to send him check.

If you find those extra Packard
axles there return me by Bush
so I can take back to the dealer who
billed me, for the one I sent Wilburn
I need of having 2 or 3 extra ones
around.

I may be able to get it

never to have the records and that
most important thing way up there.
I'll see what I can do.

Yours truly
Hugh Behrens

ps
6 pm
Monday was
unable to locate
Packard gears
& wrote without
hope is in having
me trouble
installing
Brown
size

You asked me if Budd had
been to see me. no

Moss was in L.A. two weeks
ago when I was in bed and phoned
my office stating he was at some Hotel
returning to Salt Lake that night and
like to come out & see me.

I sent word back I was in
bed and could not hear if
he wanted to communicate with
to write. I did not hear
any further.
