THIS FIGHT IS FOR YOU — YOUR HELP NEEDED!

Dr. Rumely was indicted for distributing "The Road Ahead," exposing socialism, and refusing to reveal the names of bulk book purchasers.

This Committee must be in the strongest possible financial position by March 31, to defend Dr. Rumely, and, through him, your constitutional right of free speech. Also, to expand its efforts against inflation, to protect the value of all bank balances, mortgages, dollar bonds, social security funds and insurance policies.

It can multiply its effectiveness if you and others will voluntarily give needed financial support now.

By March 31st, we must have 12,000 additional SPOTLIGHT subscriptions: single subscription, \$12; 2 to 8, \$11; 10 or more, \$10 each. You and your associates need SPOTLIGHT. Two messages each week from national leaders on headline issues. How many will you and/or your company buy immediately?

If you have already given your full 1951 support, please obtain one or more subscriptions from others. Please act at once!
