ALBERT E. MILLER

Albert E. Miller Tells His Qualifications

Republican Candidate for State Representative from Washington county, when asked as to his political views said, "I am very appreciative of my many friends in the county".

His name was placed upon the ballot by petition of friends who desired that the county again be represented by a person known through the state for his ability.

"As to my views", Mr. Miller said, "I am standing on my record of service in the past. No part of the county can claim I have not worked for their section. I have been a friend to industry and labor, I have guarded the interests of the taxpayers; I have worked long and hard for our schools. When a member of the State Senate in 1909 I was the author of the high school amendment to the constitution providing for our high school system. In the session of 1939 I aided in legislation for teachers retirement fund aid. I have aided in legislation to better the condition of our aged legislation that would discriminate against a married woman even though her husband

has a good job. Such matters should be left to departments to use their judgment as to efficiency.

"The stockmen and farmers have had in me a friend. In the last legislature I helped to secure from our license registration car fund a greater amount for outside counties and cities; I have been an advance advocate of improved roads and bridges for outside sections of our county that were not in the state road system, that the farmer should have better roads to market or farm and I have been opposed to legislation that would tend to curtail our great trucking and passenger system, without which we would be isolated from markets for our exportable produce and travel.

"The WPA and NYA and other government departments have had a friend in me.

"I desire to express my appreciation for the help given me in the past and with a promise of the same service and efficiency if again the people of Washington county honor me as their representative."
