JUST FOR NOW

We get sentimental whenever we hear  
The school songs of Dixie, or meet with  
The old gang.  
We start reminiscing of days that are past;  
And wonder why such happy times cannot last.

But the hour is growing late, It's time for us  
To part. Strange how swiftly the moments take  
Flight. Friends and sweethearts must soon say  
"Goodnight" -- Just for now -- Just for Now.

We've sung the last refrain, the echoes softly  
Die, like the school days when we had such fun.  
We'll remember them though they are done -  
Just for Now -- Just for Now --

See the clock in the church-tower, its lights  
Have grown dim. The moon o'er the campus is  
Faded and thin; And so, the years will pass,  
Our friends will come and go, and that's why  
we hate saying "A - dieu" To the ones who are  
So tried and true -- But we must -- Though it's  
Just for Now -----
