EAST
ELEMENTARY
SCHOOL

BRONCOS

'89 - '90

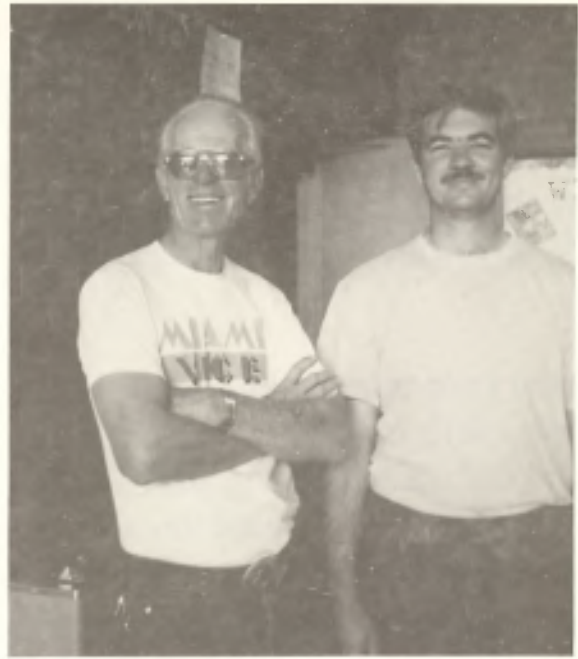

The 1989 -1990 School Year has been an interesting and challenging experience for each of us who are a part of East Elementary. The Year Round school year has been successfully put into operation and with this new system, we have become well acquainted with words such as TRACK! So frequently we hear statements about Tracking off, Tracking on, and what Track will you have next year? No, we are not a railroad school, but yes we have Tracks!

So many have contributed so much this year, and to one and all, to students, teachers, staff, parents, and the PTA. I express my sincere personal thanks. As a result of our unified efforts, we can truly say East Elementary is " A HAPPY SCHOOL." My wish is that this school year, this short, precious time in our lives, will be remembered always in a most positive way.

At "Back to School Night" at the beginning of this year, Mrs. Graham declared in her charming southern accent: "I just love my students." Her actions this year have convinced me she was sincere.

She has loved her students enough to demand respect and good behavior from them. I was impressed to see thirty calm and polite first graders during a Halloween Party! And following the party, they efficiently cleaned their room with only gentle prompting from Mrs. Graham. This seems to be the rule of the classroom: order, responsibility and mutual respect.

She has loved her students enough to stretch them beyond mediocrity. Their reading and math skills are amazing! And they have grown in awareness of different cultures and in appreciation of the world.

I knew nothing about Mrs. Graham at the beginning of the school year. But I quickly learned she is exactly the kind of teacher I'd choose for each of my children every year: she's proud of her profession; she enjoys children; and she takes her responsibility seriously. Thank you, Mrs. Graham, for a job well done.

WE WILL ALL MISS YOU!
