 HEALING PROGRAMS & SERVICES

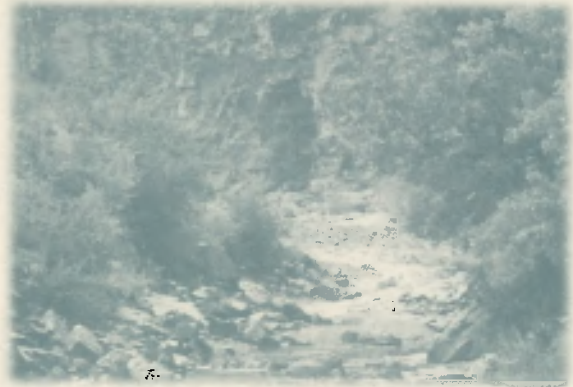

WELCOME TO PAH TEMPE MINERAL HOT SPRINGS!

The "healing waters of Pah Tempe" are a priceless natural resource that have been sacred to Native Americans for centuries. The early Spanish explorers praised and enjoyed the hot mineral waters and today people from all over the world repeat their visits to these "enchanted" waters. In 2000 over 32,000 guests from over 48 countries enjoyed the unique waters and peaceful environment at Pah Tempe.

The early pioneers found leisure and healing as they soothed their bodies and souls in the mineral hot springs during the building of the historic La Verkin and Hurricane canals.

Today, Pah Tempe is a rejuvenating, healing sanctuary. Surrounded by majestic, richly colored canyon walls, the natural "healing waters" of Pah Tempe flow into several pools of various depths and temperatures (94° F to 107° F) and cascade into the Virgin River at a rate of 12,000 gallons per minute.

As caretakers of this unique sanctuary, we strive to maintain a special environment, a place where you can truly relax and be restored to balance and harmony.

People of all ages and from all parts of the world have found something very special here. We trust you will too!

We honor Visa, Discovery, Master Card, American Express and approved Personal Checks. Please call our office for more information: (435) 635-2879 or Toll Free (888) 726-8367
